THE RADICAL CONVENTION met again in solearn or clave last might, using the utmost precau-tions to insure secrecy. THE BANKRUPT LAW, -It may not be known to some of our readers that what is called the fifty per dred cent clause of this act takes effect on the first of \$510. AN URGANNY CREATURE.—Yesterday morning : a visitor, whose genealogy is unknown, made its ap-pearance on the sidewalk in front of Bissell's hardware store in Hasel-street. It literally dropped from the clouds, and though evidently an ornithological specimen, yet those who have examined it carefully are of the opinion that it is either a descendant of Poe's raven or the Devil. The unearthly visitor was soon caught and securely confined In appearance it is jet black, with a long bill, a small body, long legs and wide feet. It is not yet feathered, though it can run with exceeding swiftness. A committee of naturalists, who were called to consider the subject, legs it evidently belonged to the Black Crook. We are not superstitious nor inclined to believe the creature "a prophet still, if bird or devil," but we pet.

A PLEASANT SURPRISE. - Between 12 and 1 o'clock this n orning, just as the labors of our ediorial rooms were approaching completion, the stillness of the hour was most agreeably broken, and our ears were regaled with several choice airs, vocal and instrumental, from the Palmetto Glee Club, a new organization composed or young amateur vocalists and musicians of our city. The following are the officers of the club:

A FORCIBLE APPEAL. The Democratic Central Committee at Columbia have addressed to the United States Senats an appeal against the new constitu-tion, in which they show the fearful burdens that may be expected to be imposed upon our people They show that to carry out the requirements of the new constitution would require a revenue of \$2,230,-250; while before the war the annual revenue of the State was but \$350,000; so that a tax of three per cent. on real estate would now be necessary, against one lf per cent, in 1860. But property has depreciated thirty-three per cent. since the war; so that the real tax would be equal to ten per cent. They show in addition that on an average, the seventy-four colored delegates in the late convention pay in taxes less than fifty cents each, and that forty-six white delegates pay but \$6 each. Of the forty-seven white members twentythree pay no tax at all, and of the seventy-four color rates fifty-nine pay no taxes. They show, also, that ninety-seven colored members of the Gen eral Assembly pay in taxes but seventy cents each, and that one pays \$83.35; also, that forty-six out of the fifty-seven white members pay but \$7 each. Twenty-four white members and sixty-seven colored embers pay no taxes at all. The Governor, Lieutenant-Sovernor, and six other principal State offi-cers, pay a total tax of \$16 99, or \$2 11 each.

In conclusion, the committee say: In conclusion, the committee say:

Thus have the committee truthfully represented to the honorable Senate the character of the men, as well those who framed the constitution as those who are to legislate under its provisions. It will be seen that they represent not the wealth of the State, neither its commercial, nor its agricultural, nor its mechanical interests. That they do not represent its intelligence, its tone and its sentiments, may be regarded as a self-evident proposition, to establish which requires no argument. It is shown, also, how little interested in the matter of excessive taxation they will be who shall lavy the taxes, and how very little of taxes they will represent who shall make the laws in South Carelina; and how small an amount, too, they will be found to contribute to the revenues of the State, who shall manly—nay, almost entirely—sustain the naw law-givers which Congress has given to the South.

SALE OF VALUABLE REAL ESTATE .- Mr. I. S. K. Bennett sold yesterday, at the old postoffice, a house and lot on the west side of Rutledge-street four doors north of Bull, the lot measuring sixty-four feet front by one hundred and eighty-eight feet eight inches deep, for \$2700.

A lot and buildings at the southeast corner of Calun and Lucas streets. measuring sixty-five feet front on Lucas street, and one hundred and sixty-

Two adjoining lots south, with the same measurement, for \$500 and \$620 respectively. A lot south of the above property, at the northeast corner of Bull' and Gadeden streets, measuring on

#### The Street Freight Railway.

To the Editors of the News:

We desire to make a brief reply to a commu nication in your issue of yesterday, on this subject in order that his Honor the Mayor, for whose partic ular instruction this publication has seemingly been made, should not be misintormed on this subject This writer says that a great many merchants and others, besides draymen, are opposed to the road be ing put down, and he instances the memorial made to Council in 1867, as embracing a large array of influe tial names objecting thereto. It is a most unfortunate reference for the opponents of the freight railway, for the petition referred to was against the proposed ex tension of the passenger company's track on EastBay from its present terminus at Broad-street, to the Battery, and we are quite certain that a prominent reason given for said opposition was that it was unwise t give to the passenger company a right of way on pusiness thoroughfare like East Bay-street, when tha street would always be fully occupied for purely business purposes. The writer says 'many me chants of influence are opposed to the street freight railway scheme." We must be pardoned for doubt ing the general correctness of this assertion. We know some storekeepers who find it profitable to keep one or more drays for the dispatch of their own business, and we assume that this is incidentally made profitable in such cases; but we are not dis posed to believe that merchants would be in favor of this unnecessary tariff of cartage when they al stand out so resolutely for cheap railroad freights and

The freight for instance by steam on a hogshead of bacon from New York, seven hundren miles, 18 say \$4; it costs \$1 25 to \$1 50 for cartage on that pack age to the Savannah Railroad depot. Again, when orn was brought from Baltimore in 1867, six hundred miles, by steam, at twelve cents per bushel factors were paying six cents per bushels for cartage to the Savannah Railroad depot, say two miles. We propose that the writer of yesterday's article shall go to every merchant in the city and ask if he is in favo of this sort of a tariff on the commerce of Charles on, and if he can get an affirmative answer from 'many prominent merchants" we shall be quite satisfied that the freight railway should not be

Mayor Cogswell comes here a stranger, under orders to occupy an important public position; as an intelligent gentleman, he wondered at the waste of time and money in the movement of merchandize and produce between the railroad depots and the shipping. He approved of the freight railway cheme as a common sense remedy, and the time will come when his recommendations will be remembered, and the failure to appreciate and accep them will be cause of regret. Drugs, Chemicals, Etc. NOW IS THE TIME! SARSAPARILLIAN

ITS POWERFUL CURATIVE ASSOCIATES,

DR. RADWAY'S

RENOVATING

ESOLVENT

A NEW PRINCIPLE DISCOVERED.

One Bottle of Resolvent is Better Than Ten Large Bottles of the Advertised

Sarsaparillas, or Direct Diuretic Rem-

Physicians wonder at the extraordinary power of RADWAY'S RENOVATING RESOLVENT in curing the worst forms of Scrofulous, Syphiloid, Chronic Skin Diseases, and its marvelous power in resolving calculous concretions, affording immediate relief and consequent cure of Diseases of the Kidney, Bladder, Liver, Lungs, Pancreas, Spleen. Its rapid influence in the cure of Diabetes, Incontinence or scanty, turbid, albuminous, cloudy urine; its almost instant efficacy in stopping itching and painful discharge of urine, and its singular power in curing discharges from the Uterus and Urethra, Leucorhoa, Bloody Urine, and other unhealthy and weakening discharges;—and inquire wherein the SaBSAPARILLIAN used in the Renovating Resolvent differs from ordinary Sarsaparillas Is Sarsaparillian is the only principle in Sarsaparilla that possesses curative properties; all other parts of the root are inert and useless. One cunce of the extract obtained under Dr. Radway's new process for extracting the curative properties from vegetable substances, contains more of the true principle of cure than twenty pounds of the ordinary roots.

of the true proofs.

SARSAPARILLIAN is only one of the ingredient sarsay this truly wonderful medicine: and it is that forms this truly wonderful medicine: and it is the only compensating remedy that communicates its puritying, cleansing and reinvigorating proper-ties through the BLOOD, SWEAT, URINE, and its purifying, cleanator and reinvigorating properties through the BLOOD, SWEAT, URINE, and other secretions, securing a harmonious functional action of every depraved organ and gland in the system. If the blood is corrupt, the Resolvent will make it pure. If the Lungs are ulcerated and rore, secreting thick phlegm and prurelent matter, the Resolvent will loosen this deposit and repair the wasting lung with sound and healthy material. If the Skin is covered with pimples, spots, pustulee, sores, ulcers, &c., the Resolvent will quickly remove these annoyances. If mercury is deposited in the bones and has accumulated in the system, the Resolvent will drive it out. If the Throat or Bronchial Glands are ulcerated, the Resolvent will cure these signs of an early waste. Direct remedies, possessing only exclusive properties, are hurtful, as they increase the functional secretions of on-organ by suspending the constituent secretions of others; hence, a compensating remedy like the Resolvent is the only means of a permanent cure.

BEAR IM MIND THAT EVERY DROP OF BLOOD impregnated with the Resolvent and absorbed to supply the waste of the body, will more pure, sound and healthy flesh and fibre. The first dose that is taken commences its work of purification and increasing the appetite and flesh.

A REMARKABLE CURE!

SORES ON THE TONGUE, ULCERS IN THE THROAT, SORE GUMS, SORE MOUTH, SORES IN THE NOSE, AROUND THE EYES, &c.,

If recently exhibited, a few bottles will cure. If hrome, or through the effects of Mercury, Pota-ium, Corrosive Sublimate, from six to one dozen bottles may be required to make a permanent cure.

GREAT SENSATION !- A GOOD SENSA-TION!

PAIN CURED IN AN INSTANT!

In 1847 the great grand principle of stopping the most excruciating pain in an instant, without employing such dangerous agents as Chloroform Opium, Morphine, Acontine, Ether, &c., was first nade known in

RADWAY'S READY RELIEF.

This remedy accomplished this wonderful and de-lightful dezideratum in all cases of external and in-ternal pain. In an instant it afforded relief, the moment it was applied to the parts of the body where inflammation or pain existed—it at once re-lieved the patient of the most violent and excruciat-ing pangs and throbs of pain, and imparted the de-lightful sensation of ease and comfort.

Every kind of pain, whether Rheumatism, Neuralgia, Toothache, Paios in the Chest, side, Lungs, Stomach, Bowels, Kitneys, Spine, Legs, Arms, Feet, one application was sufficient to kill and exterα inate

one application was surely drops to a teaspoon the pain.

Taken internally, twenty drops to a teaspoon would cure, and will cure. Asiatic Cholera, Fe and Ague, Chills and Fever, Bilious Colic, Infia mation of the Bowels, Cramps, Spasms, Diarrh and College and Park that my exist in the Dysentery, and every pain that may exist in the in side of man, woman or child; this was RADWAY' READY RELIEF of 1847, and it is RADWAY'S RE

LIEF, greatly improved, in 1868.

We then started it in its mission of relieving the infirm, pan-stricken, sick, distressed and crippled or all nations throughout the world, and now to-day on the control and now to-day or the control and the property of of all nations throughout the world, and now could it is used, patronized and revered as a household necessity, in the palaces of Sultans, Emperors, Kaimos, Kings, High Priests, Nobles, as well as in the cottages of the laboring classes of every nation on the face of the earth.

CONGESTION OF THE LUNGS CURED IN THIRTY MINUTES!

Important to Know how to Use "Radway's Ready Relief" in Acute and Dangerous Attacks!

MY OWN CASE.

On Saturday night, the 19th, I was violently seized with Congestion of the Lungs. For a few days previous I reit a dull pain over my lett lung, with occasional coughs, but being actively engaged, paid no attention to it. When seized, the pain was so piercing, cutting and excruciating, that every breath drawn was like a red hot knife cutting my lung. Being absent from home, I sent out for three bottles of RADWAY'S RELIEF, applied the entire lot to my lungs, back, shoulders, &c., and in a few moments got up counter-irritation. Respirations were easy, and, as the skin became reddened, all pain ceased. In half an hour I was free from pain, and all signs of Congestion, Inflammation, &c., gone. This is an important cure. It is well that every one should know how to use this remedy in severe attacks. The same rule holds good in cases of Inflammation of the Loins, Bowels, Kidneys and Stomach. Apply the RELIEF freely; soak the skin with it. It will instantly secure the withdrawal of the inflammation to the surface, and persons now suffering may, in Thisty Minutes, be free from pain.

CHRONIC INFLAMMATION. CHRONIC INFLAMMATICN.

In cases where inflammation has existed for a length of time, in addition to the RELIEF, take six of RADWAY'S PILLS. Powder them. In half an hour, in most cases, they will operate. If not, repeat the dose. In one or two hours at the furthest they will operate, and the patient soon get well. In Billious, Typhoid, Pever and Ague, tins treatment is sure to cure. Let it be tried.
